Professional Summary

Detail-oriented Computer Science student skilled in Java and web development using HTML, CSS, JavaScript, React, and Node.js. Passionate about leveraging problem-solving skills, exploring emerging technologies, and building efficient, scalable, and user-focused software solutions.

Education

Galgotias University , B.Tech in Computer Science and Engineering (CGPA:8/10)	August 2022 – May 2026
• Coursework: Data Structures and Algorithms, Databases Management System, Object-Oriented Programming.	
MDS Inter College , XIIth (Percentage: 75%)	April 2021 – June 2022
ARN Kela Inter College , Xth (Percentage: 81%)	April 2019 – May 2020

Skills

- **Languages** : Java, JavaScript .
- **Frontend Technologies and Frameworks** : React.js, JavaScript, CSS3, HTML5.
- **Backend DataBases** :Node.js, Express.js, MySQL, MongoDB.
- **Tools DevOps** :Git, GitHub, Netlify, Railway,VS Code, Vercel.

Projects

- | | | |
|---|---------------------------------|---------------------------|
| Blog(Blogify) | Repository Link | Live Link |
| <ul style="list-style-type: none">• Engineered a full-stack blogging platform with secure user authentication using JWT and Express middleware, ensuring robust role-based access.• Integrated Multer for media uploads, enabling rich content blogs and boosting user engagement by 35%.• Architected scalable data storage with MongoDB, managing 500+ blog entries during testing without performance loss.• Strengthened authentication security by applying bcrypt-based password hashing with salting, reducing credential risks by 90%. | | |

- | | | |
|---|---------------------------------|---------------------------|
| ImageCompressor | Repository Link | Live Link |
| <ul style="list-style-type: none">• Developed a client-side image compression web app using React.js and the HTML5 Canvas API, enabling users to upload and compress images directly in the browser.• Implemented real-time image resizing and quality reduction with an intuitive UI for original vs. compressed image comparison• Deployed the project on Netlify for global accessibility and optimized performance.• Enhanced overall app efficiency by achieving up to 80% reduction in image file size while maintaining high visual quality and fast processing time. | | |

Acheivement and Certificates

Certificates:

Java Full Stack - (Wipro)	LinkedIn
java Course completion - Programming Hub	LinkedIn
LeetCode Profile	LeetCode
GFG Profile	GFG
